

UGVCL welcomes SCIENCE EXPRESS at Mehsana

On 3-Jun-2011, UGVCL's Managing Director AK Verma, IFS, cut the ribbon of SCIENCE EXPRESS, an innovative science exhibition, and dedared it open at Mehsana Railway Station on 10 am. Various senior officials of UGVCL, Govt. officials and dignitaries of Mehsana remained present during the ceremony and graced the occasion.

Science Express is a science exhibition mounted on a specially-designed 13-coach air-conditioned train. The train is a flagship venture of National Council for Science & Technology Communication; Dept. of Science & Technology, Govt. of India; and Vikram A. Sarabhai Community Science Centre, with support from the Indian Railways.

More than 8000 people, including students of various schools and colleges from Mehsana, visited the exhibition and gained indepth knowledge about the developments in the fields of Science and Technology.

Employees and family members of various govt. offices, libraries, clubs and other prominent offices in Mehsana also visited the exhibition.
