## **UGVCL – Towards a greener environment**

On the occasion of World Environment Day on 05-Jun-2016, UGVCL's Hon. Managing Director Shri B.A. Shah, IAS expressed his desire to infuse encouragement regarding the need to create awareness and exhibit a sincere effort to help create a greener environment around us.

With an aim to set an example among all the employees of the Company, Shri Shah, on 06-Jun-2016, along with senior officers, participated in a tree plantation drive organized at the Company's Mehsana Campus.

Shri Shah watered a new plant at the Campus, followed by senior officers of the Company.

General Manager (Finance) & CFO Shri R.B. Kothari, Company Secretary Shri N.M. Joshi, I/c. Chief Engineer (Operation) Shri B.P. Buch, I/c. Chief Engineer (P&P) Shri A.K. Mangal, Additional General Manager (HR) Shri A.C. Prajapati and Additional Chief Engineer (Civil) Shri P.J. Trivedi planted a tree in the Campus, along with other senior officers and employees of the Company.

With the speed at which the amount of trees and plants are being reduced to pave way for development, our contribution by planting one tree by one person is the need of the hour. And to ensure that such plant is regularly watered, is equally important as much as planting a tree.

Let us all pledge to plant a tree in our surrounding and consider it our moral responsibility to water it on frequent basis and share the message among our near and dear ones...
