

UGVCL outshines in ENERASIA 2015

Ahmedabad witnessed a mega event during 03-Dec-2015 and 05-Dec-2015 at GMDC Ground, Memnagar, where Uttar Gujarat Vij Company Limited participated in the ENERASIA 2015 with full fervor.

On 03-Dec-2015, Shri Saurabh Patel, Hon. Minister – Energy and Petrochemicals Dept., Govt. of Gujarat, in presence of Shri Ishwarbhai M. Bhavsar, Hon. Chairman, Gujarat Energy Development Agency (GEDA), among other senior officers across the fraternity, inaugurated this mega event and invited one and all who were present to be a part of this global energy summit.

Climate Change Department, Govt. of Gujarat and GEDA co-organized ENERASIA 2015, the Global Energy Summit, where top energy and IT corporates from the world over, government agencies/departments, educational institutions and various other entities associated with energy sector across the country and abroad participated to generate a common platform for sharing their knowledge and best business practices.

Shri L. Chuaungo, IAS Chairman and Managing Director, GUVNL and other senior officers of GUVNL and its subsidiary companies, such as GETCO, MGVCL, PGVCL, DGVCL and GSECL, graced the occasion with their inspiring presence and participated in the event too.

The guidance of the Managing Director, UGVCL augmented this super success for CE (Operation), CE (P&P), General Manager (Finance), Company Secretary and other senior officers and employees of the Company, who had put all their efforts to showcase the Company in its best possible manner.

Under the able leadership of Gujarat Urja Vikas Nigam Limited, UGVCL outshined and made its presence felt during this event. UGVCL has been a front runner across India on various initiatives that can boost the scope of energy industry in the country.

Shri Bhavsar, who visited the Company's stall, appreciated Special Design Transformer and newly invented Pilot Advance Transformer, which were physically placed for display at the stall. Other visitors, especially from Africa, showed keen interest in the innovation, while Gujarat Solar Park also attracted a major attention.

ENERASIA 2015 aims to provide a neutral forum to discuss various issues and bottlenecks that the energy industry faces and offers open hands to share business ideas and provide related solutions and opportunities for all.
